KETAN DUTT

Senior Game Developer

ABOUT ME

I am a highly adaptable professional with over 5 years of work experience and a track record of success in leadership, problem-solving, and workflow management. I am seeking to use my abilities to excel in the role of Game Developer at your company.

EXPERIENCE

Senior Game Developer at Extramarks

November 2021 - May 2022

- Received "**Rookie Rockstar Award**" in first 2 months.
- Designed a system using the **Phaser Game Framework** that enabled rapid prototyping and testing for game creation. This system has been utilized by my coworkers to develop over **15 games** and is still in use today. I personally completed **6 games** using this system.
- Maintained and modified existing **Unity** projects to fix errors and adapt to new requirements.

Game Developer Rendered Ideas Softgame Pvt. Ltd.

June 2018 - November 2021

- Worked on more than **20 games** with backend and server-side Development.
- Developed 2D and 3D Games using **LibGDX**, **Unity**, and **Godot** Game Engine.
- Published many games on **Google Play Store**, **Amazon App Store**, **Roku Channel Store**, and many HTML-based platforms.
- Experience with the game's Backend, Server-Side, Ad/IAP Management, cross-promotion, etc.
- Created many Web Development-based projects using JavaScript, PHP, and MySQL.

Traniee Developer at Akashvaani.com

May 2017 - June 2018

- Updating and improving an existing website to resolve issues and meet new needs.
